

Pray for the GURGEL

Itupeva, May 1st, 2024 - Page 1/2

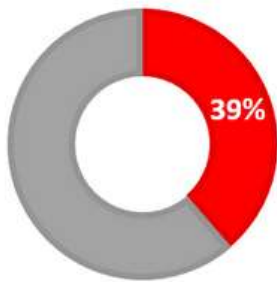

DEAR FELLOW LABORERS IN CHRIST,

Missions for the Interior of Brazil

Prayer answers:

- We have 39% of our needed support;

- We are grateful for the protection on missionary trips and the Lord's care;
- We are thankful for the new souls that were saved;
- We are thankful for the support achieved so far.

We express our deep gratitude to Lord of the harvest for the countless blessings we received.

Over the last three months, we have conducted several events at our church with the goal of reaching the lost in our neighborhood. During this period, we distributed copies of the books of John and Romans door-to-door, seizing opportunities to talk about Christ.

In February, we had our Camp during Carnival time, which had a special theme of consecration to The Lord. We studied the life of the "poetess of consecration," Frances Ridley Havergal, as well as other Christian poets and hymn writers. It was a very special time to rededicate our hearts and lives to The Lord.

Also in that month, we were joined by Pastor Baker and Pastor Carl Bieber from the Tabernacle Baptist Church of Virginia Beach. In addition to the blessings of their presence with impactful messages and challenges for our lives, we conducted a large evangelism event together and distributed over 2000 copies of John and Romans around our church neighborhood. We also had another VBS class with the help of missionary Fátima.

We also received a box of New Testaments in Spanish that month and went door-to-door visiting Cuban families, delivering this great gift along with a gospel tract in Spanish and a small gift from our church.

Missions for the Interior of Brazil

Prayer requests:

- Open doors in churches to present our missionary project;
- For more workers in our fields;
- For the discipleship course and for our worker to continue at the bible institute;
- For our full support;
- For more souls to be saved.

In March, we had a VBS class that was very encouraging. On 3/23, despite the heavy rain, The Lord performed a miracle, and we had the presence of 20 children and 6 decisions for Christ. We ask for prayers for these families that we are visiting on weekends. On Sunday, 3/24, the children returned to the service and brought friends, resulting in 3 more decisions for Christ. We ask for prayers for them as well.

On the Friday before Easter, we conducted an activity with the children about the true meaning of Easter, followed by a workshop where each child could make their own chocolate candies.

In April, we began inviting Hispanics to a new project that will start soon, aiming to teach the Portuguese language to this group, as we try to reach them with the gospel. We ask for prayers for this project to be fruitful.

Also in April, we held another VBS class on 4/13, and we had 18 children and 3 decisions for Christ. Please continue praying for this work and for these lives to grow further in the Lord.

During these months, we have also been conducting individual discipleship with each church member on Thursdays, which has been a time of significant growth. One of our members, Carlos Eduardo, is also studying at the Bible institute, and we pray for his continued growth in the Lord.

Regarding support, we were able to increase our financial help slightly, and we are now close to 40%. I ask for your prayers that I can, for now, find a job that can be done 100% from home, which will give me more flexibility in our ministry work, as we seek to raise our full support.

We thank you immensely for your prayers and support.
